RE: Sunnyside Refuse and Slurry C/007/035
Culvert Placement Amendment

Dear Daron:

Included are the C1 and C2 forms and Plate 7-1 for the proposed culvert placement amendment. SCA would like to request approval to move an existing culvert approximately 100 feet in a southern direction. The culvert will remain in the same drainage ditch and will allow for better access to the coal storage area.

This amendment will not require a bond increase and will not change the reclamation plan or any hydrologic calculations. Once approved SCA will submit five clean copies of Plate 7-1 showing the new culvert placement.

Should you have any questions, please contact Rusty Netz or myself at (435)888-4476.

Thank You,
